How can you make a difference in your local Republican Party?

Are you tired of Republicans giving lip service during campaigns and not staying true to their campaign promises?

Are your Constitutional rights being trampled on by those you elected to represent you in government, and you don't know what to do?

Are you frustrated that Republicans don't uphold their own "party platform" that lists their core beliefs?

How do we hold our elected office holders accountable?

The Precinct Committeeman elect the leadership within the Republican Party.

A Precinct Committeeman is the strongest role in politics, the foundation of the party.

Precinct committeemen have the power to change the party from within and/or get current politicians doing what they should be doing, preserving liberty, and working for us, We the People!

The Precinct Committeemen can make that happen.

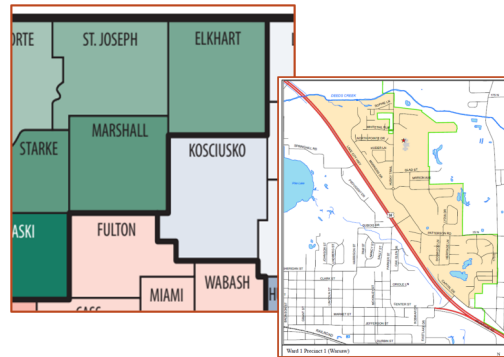

WHAT IS A PRECINCT?

It is your neighborhood. You know the people, the schools, and the community.

The precinct is not a unit of government but is part of the political party organization.

The precinct is the smallest political unit in the country.
